RED CROSS WORKERS REPORT \$4500.00

TURKEY GROWERS TO MEET APRIL 1

TURKEY PRODUCERS TO HEAR G. P. MCCARTHY

Turkey Producers and Growers of Milam County, will have a meeting Friday, April 1, 1949, at 8 p. m., in the Fahrendorf building adjoining New Cameron Drug.

George P. McCarthy, Director of the Field Research for Universal Mills, and widely known turkey specialist, will be the principal speaker for the event. Mr. McCarthy will show on the production of turkeys poults, proper feeding practices and disease prevention and control. In addition to his talk, a movie will be shown on the production of turkeys. Several men from A&M College are expected to attend the meeting.

Refreshments will be served and all persons interested in the production of turkeys are cordially invited to attend.

DRIVERS LIABILITY LAW PASSED 16-11 BY SENATE

AUSTIN, March 21—A bill designed to make drivers financially responsible for death and damage on Texas' streets and highways finally passed the senate, 16 to 11, and went to the house today.

Opposition to the bill forced the senate into its second afternoon meeting of the session.

Under the bill, a driver would not be affected until he had an accident. He would then—if anyone were injured or killed or if property damage amounted to \$200 or more—have to prove that he could pay a court judgment up to \$5,000 for injury or death of one person, another \$5,000 for injury or death of a second person, and \$1,000 for property damage.

Unless such proof were shown, the driver's license and car registration could be suspended.

Senator G. C. Morris of Greenville, author of the bill, said it would "promote safety and save lives."

Opponents had objected to the estimated \$30 annual insurance premium they said the bill would force on drivers.

Senators Warren McDonald of Tyler and Carlos Ashley of Llano led opposition.

"I'm getting awfully sick and tired of seeing propositions enacted into laws in this state taking away the rights of the people under the guise of public safety," McDonald said.

Ashley contended the bill was unconstitutional. He said it assigns judicial powers to an executive branch of the government—the Department of Public Safety—which is charged with the bill's enforcement.

The Bailey's Have Eight Pound Daughter

Mr. and Mrs. Ben Hardie Bailey are the happy parents of an eight pound daughter born at St. Joseph Hospital at Bryan, March 21, 1949. She has been named Karen Lee.

Mrs. Bailey is the former Miley Mae Geer, daughter of Mr. and Mrs. Eddie Geer. Mr. Bailey is the son of Mr. and Mrs. Bob Bailey. Both are former residents of Cameron. Mr. Bailey is a veteran of World War II, having served in the U. S. Navy in the Pacific Theatre of Operations for a period of 22 months. He is now a student at A&M College.

Mrs. A. K. Gurecky Hurt In Crash Here Early Monday Morning

Mrs. A. K. Gurecky is in a local hospital suffering from injuries sustained early Monday when her car figured in a collision with a taxi driven by Dick Harris.

The accident occurred at an intersection on North Houston. Both cars were badly damaged. The machines crashed into a tree following the collision.

ANNOUNCE PRICE REDUCTION IN JEEP

WILLYS-OVERLAND SLASHES PRICES

Price reductions announced by Willys-Overland put the company's vehicles at the lowest price level in their field, according to Joe Anderson of Anderson Motor Co., Cameron's Willys-Overland dealer.

The price reductions range from \$25 to \$270. In the passenger car field, Willys-Overland now has the lowest-priced full size station wagon, station sedan, and sports car, Mr. Anderson declared. The new prices of the Willys-Overland three-quarter ton truck, four-wheel-drive truck, panel delivery, and Universal Jeep are also in the lowest range of their respective fields, he said.

"These new low prices represent a double saving," Mr. Anderson pointed out. "They provide a low initial cost in addition to the well-known thrift of Willys-Overland vehicles in operation and maintenance. They are now America's most economical as well as most useful vehicles. I am proud that our company took the lead in bringing prices down."

In announcing the price reductions, James D. Mooney, president and board chairman of Willys-Overland, said four major factors have made the move possible at this time. He listed these as:

1. Improvement in steel and other supplies. Willys-Overland now benefits from its purchasing policy during the period of greatest shortage. With steel supplies improving, substantial savings in steel costs are possible since the company is not burdened with long-range contracts at high prices nor high-cost steel producing facilities.

2. Easing of material shortages, resulting in savings through a sustained volume, a better control of stocks, and a smoother flow of production.

3. Results of the Willys-Overland policy of maintaining its basic models instead of making annual model changes. Combined with high interchangeability of parts, this policy avoids heavy tooling expenditures and costly interruptions of production.

4. Willys-Overland's functional design, which eliminates the wasteful use of materials in frills that add nothing to a motor car's performance or comfort.

In conclusion Mr. Anderson invites you to come in and see the complete line of Willys, Jeep Cars and Trucks.

JETER G. MCCOY DIED IN TEMPLE WEDNESDAY

Jeter G. McCoy, Santa Fe engineer and an employee of the road for more than 40 years, died in a Temple hospital late Wednesday and funeral services were held Friday in Pace's chapel.

Mr. McCoy, 65, was a former Milam County resident born and reared in what used to be the Lebanon community. He married Miss Katy Dunham in 1905 and moved to Temple where he has lived for 41 years. He was a member of the Brotherhood of Locomotive Firemen and Engineers.

Survivors are widow and a daughter Jeta McCoy of Temple and a brother, W. H. McCoy of Rockdale.

The Cameron Methodists are co-operating in the interfaith broadcast, One Great Hour, which will be on the air from 9:00 to 10:00 Saturday night. In keeping with the program, which is in behalf of world relief, the membership is urged to attend church services on Sunday and make a freewill offering to the cause. The pastor will preach at both the morning and evening services.

EASTER SEAL SALE GETS UNDER FULL SWING

A goal of \$500 has been set for the 16th annual Easter Seal Sale, Mrs. Earl Moseley chairman of the drive announced today, sponsored by National Society for crippled children. The sale of the Easter Seals will start March 17 and end Easter Sunday, April 17.

Mrs. Moseley said records reveal that the many crippled children registered in the state approximately 65 are in Milam County.

"Each child should have the opportunity to build up all normal faculties and to outwit disabilities through rehabilitation," Mrs. Moseley said. "Proper schooling, recreation, and vocational guidance must be provided so that each individual can become a useful and self-sustaining citizen."

Milam County child welfare society is an affiliate of the National society for crippled children one of more than 2,000 member units of the National Society for Crippled Children and Adults. Easter Seals, also help to sponsor national programs to benefit the cerebral palsied and other neglected disabled groups.

Mrs. Moseley added, "It is a principle of our Democratic system that the weak are not eliminated by the strong, but are given an equal chance to participate in our society."

JAMES C. RISINGER BURIED SUNDAY

James Clyde Risinger, 48, mechanic at the John Muse Motor Company, died from a heart attack at his home here at 3:00 p. m. Friday, March 18.

Mr. Risinger left his post at the motor company for lunch as usual and became ill during the noon hour. His death two hours later came as a severe shock to his family and friends here.

He had been a resident of Cameron for the past year and had been with the Buick agency owned by Mr. Muse for several months.

Mr. Risinger was born in Spearsville, Louisiana on July 1, 1900 and is survived as follows: his widow, Mrs. Willie Reynolds Risinger and two children, James Risinger, Jr., and Mrs. Otto Zottz of Cameron; his mother, Mrs. Lillie Risinger of Farmersville, La.

Surviving also are six brothers and four sisters as follows: Willie Risinger of Eldorado, Arkansas; and Fred Risinger of Strawn, Arkansas; Bynum Risinger, E. D. Risinger, Jake Risinger and Elgie Risinger all of Spearsville, La.; Mrs. George Bennett and Mrs. Tom Bennett of Spearsville, La.; Mrs. Grady Carroll of Lake Charles and Mrs. Fred Fytch of Farmersville, La.

Mr. Risinger was a member of the Church of Christ.

Funeral services were to be held Sunday afternoon at Ruston, Louisiana. The body was taken to the old home there by the Green Funeral Home in Cameron.

The Frank Harber's Buy Palace of Eats

A business announcement of interest is the purchase by Mr. and Mrs. Frank Harber of the Palace of Eats from Mr. and Mrs. Ben Thweatt.

Mr. Harber said that the cafe will continue with the plate lunches but will also have a complete menu of foods each day.

Both are experienced cafe operators and they operate a small cafe on West 8th Street known as Annie's Place.

They invite you to visit the Palace of Eats and enjoy the good foods.

It's A Date

The calendar proclaims it's spring—Why should I doggedly protest? Well, chums, I do not choose to sing With mustard plasters on my chest.

I have a cold. My nose is red.
My feet are ice. Like fire, my head
And while my back plays host to chills,
I will not toast the daffodils.

They cower timidly in pots—
Not yet do they bespinkle lawns.
They know this hoax, this plot of plots,
And greet March 21st with yawns.

This is an abysmal approach to freedom, but I shall take it. Having no sense of responsibility is something new. Maybe I will like it. In the meantime I shall be in no wise responsible for what is printed, nor how printed. All work and no play has made Jack a dull boy.

MRS. ROSINA ROZNOS DIED IN GALVESTON

Mrs. Rosina Roznos, 57, died at John Sealy Hospital in Galveston, March 21, 1949, at 5:00 a. m. Mrs. Roznos was born in Cameron in 1892.

Funeral services will be conducted by Rev. Ben Holub from St. Cyril and Methodius Church at 9:00 a. m. at Marak, Wednesday, March 23, 1949, with interment in the Marak cemetery. The remains will be at the Marak-Burns Funeral Home until the funeral hour.

Mrs. Roznos is survived by her husband, Rudolph Roznos of Cameron, two daughters; Matilda Roznos of Austin and Mrs. Angelina Mowdy of Houston, three sons; Alvin Roznos of Cameron and Oswald Roznos and Julius Roznos both of Buckholts. She is also survived by one brother, Frank Marak of Cameron and four sisters; Mrs. Rosa Boedeker, Miss Antonio Marak and Mrs. Albina Jochee all of Cameron and Mrs. Agnes Petru of Shiner, Texas.

Nephews of the deceased will act as pallbearers.

15 MILLION DOLLAR MEASURE TO GOVERNOR

The House of the Texas Legislature passed the Farm to Market Road Bill early Monday and sent the measure to the governor's desk.

The bill calls for one and a quarter million dollars a month to be paid out of the proposed omnibus bill and to be applied to the construction of farm to market roads in Texas.

Backward rural counties in Texas like Milam will be heartened by the passage of this bill, although the sums provided are far from adequate. Commissioners courts who work up farm to market road projects in their counties and file them with the Highway Commission stand the better chance to get road appropriations.

The legislature began its 11th week with scarcely any of the major work out of the way.

Scouting Interest In Gause on Increase

W. A. (Bill) Morrison, Chairman of Boy Scouts of Cameron and Jerry Adkinson Boy Scout field executive of Belton conducted a survey recently to determine whether the boys were interested in establishing scout and cub units in Gause. There were 23 boys of cub age and 20 of scout age who indicated their desire to go into scouting.

They secured four adult leaders Joe Moore, R. B. Smith, George Bland, D. W. Key and they have planned to meet with the boys soon.

OTTO LUCKO FUNERAL SERVICES HELD TODAY

Otto Lucko, 59, died at St. Edwards Hospital, March 21, 1949. Mr. Lucko was born in Texas, August 17, 1889 and had been a resident of Ben Arnold for a number of years.

Funeral services were conducted at the St. James Evangelical Church at Vogelsang, Tuesday, March 22, 1949, with the pastor, Fred C. Anderson officiating. Burial was made in the Vogelsang cemetery, with Marek-Burns Funeral directors making the arrangements.

Among his survivors are his widow, Mrs. Lena Lucko of Ben Arnold; two sons, Charlie W. Lucko and Monroe Lucko both of Cameron, four daughters; Mrs. Albert Rummel, Mrs. Arnold Rummel and Mrs. Dennis Klien all of Burlington and Miss Bernice Lucko of Ben Arnold. He is also survived by one brother, Louis Lucko of Cameron and two sisters; Mrs. Adolph Scheler of Malone, Texas and Mrs. W. J. Scheler of Abbott, Texas.

Pall bearers were members of the Sons of Herman of Burlington.

FARM BUREAU MEMBERS HEAR A&M EXPERTS

Milam County Farm Bureau members heard two A&M specialists speak on watermelon farming and grasshopper control at their regular monthly meeting Thursday night in the Milam county courthouse.

Dr. H. G. Johnston, head of the A&M department of entomology, and Fred Brison were the guest speakers.

Dr. Johnston said that in order to combat grasshoppers successfully the farmer must start his control program early. He suggested farmers conduct a survey in the fall to see if any grasshoppers or eggs have been left on the farm from the previous season. And, he said, as soon as grasshoppers are noticed in the spring, spraying and dusting should be started.

He recommended spraying in small areas and dusting on large areas.

Dr. Johnston said that farmers will be kept informed this year as to when the grasshoppers may be expected to be in their worst stages.

Mr. Brison discussed gardens and truck patches, centering his talk on growing watermelons. He said that proper spacing and fertilizing are very important factors in getting an abundant yield from the watermelon patch.

Stock Market Prices Softer; Trade Quiet

The stock market declined Monday by fractions to around a point in a quiet session.

Early prices inclined higher. Final quotations were around the lowest point of the day.

Many of the major groups were highly mixed but with the minus signs predominating on average.

The volume of trading was 620,000 shares, one of the slowest days this month.

The Associated Press average of 60 stocks, which was unchanged at noon, fell .2 of a point at the close. Industrials were down .3 of a point. Rails were off .2 of a point and utilities declined .1 of a point.

Of 907 issues traded, 285 advanced and 348 declined. There were 25 highs and 24 lows for the year.

Greetings from the John B. Perkins family have been received along with best wishes to their many friends and relatives in Cameron. They are now residing at Paducah, Texas and will be readers of The Cameron Herald for the coming year.

RED CROSS GOAL IS NEARING COMPLETION

The goal was in sight for the 1949 Red Cross drive today as \$4500 had been reported, according to Albert Collins.

The quota for the city of Cameron has been reached with \$2147.42 being reported, and more is expected as the committees make their reports. More than \$1700 had been received from the special gift appeal but all are to be given an opportunity to give when committees make their house to house and block to block canvases. These workers are urged to complete their canvases and make their reports as soon as possible, Mr. Collins said.

The committee directing the special gift campaign include: A. W. McCullin, Albert Collins and B. F. Reichert.

Several communities have not been heard from, but it is expected that all will have their reports in during the next few days. Committeemen are confident that the goal for the county will be well over the top in the near future.

WILL NOT MAKE SHOW GROUNDS OUT OF PARK

At long last the city government has waked up to fact that carnivals and shows should not be permitted use of the parks.

Accordingly on Tuesday night the city, acceding to protests from citizens voted anew to enforce an old ordinance that prohibits shows and carnivals from operating within 1000 feet of a church.

Had the city so elected it could have found other grounds on which to exclude such shows. They do incalculable damage to parks and it is next to impossible to beautify parks and keep them so when wagon equipment of a carnival is permitted inside with crowds trampling grass and shrubs.

Civic minded folks will be glad to know that the city has voted to exclude from the parks all traveling shows.

MOLINE DEALER ERECTS NEW BUILDING IN CITY

Cameron, already celebrated as a distribution center for farm machinery, laid claim to another implement house to-day as Ura E. Hilliard of Rosebud began construction of a store in Cameron.

Mr. Hilliard is no stranger to the territory nor is his Moline line of implements. He purchased a site from the Ingram tract in the northern part of the city on Highway 77 and has applied for and obtained a building permit to construct the store.

Mr. Hilliard will stock and sell a complete line of farm implements, tractors and machinery and hopes to open the new building soon.

Secret Papers Just Book Notes, Miss Coplon Says

WASHINGTON, March 21—Judith Coplon contends the secret papers the government charges she slipped to a Russian agent were actually notes for a book she was planning to write.

Her attorney disclosed this Monday when the 27-year-old former government employee was arraigned and pleaded innocent to a charge of taking secret security information from Justice Department files.

Archibald Palmer of New York, the attorney, told newspapermen the whole case in his opinion is "much ado about nothing?"

Miss Coplon had referred questions to her attorney.

Edwin F. Fischer of Buckholts transacted business in Cameron this week.

Mrs. L. L. Lock of Buckholts underwent an operation at Newton Memorial Hospital this week and is improving some.

Business Women In Cameron Hear Leader From Austin March 1

Business and Professional Women's Club of Cameron met Tuesday evening March 1 with the president, Mrs. Edith Starnes, presiding over a business session.

At this time the District Director, Miss Thelma Gentry, paid an official visit to the Club.

She was accompanied by Miss Evangeline Lane, attorney of Austin, and president of the B and P W. Club there.

The District Director gave an interesting and informative talk on the work of the members of the B & P. W. Clubs are making over the state, and other states, and stressed the point that this is the time for the clubs to take active interest in all affairs over the state.

A covered dish supper was served early in the evening in the dining room of the club, and then all gathered in the main assembly room for the business session.

Miss Lane is a well known attorney in Austin and sister of Mrs. Harriett Heath who is head of the Welfare office here.

Mrs. R. C. Kennon spent Tuesday in the home of her mother, Mrs. G. T. Hightower and Effie and attended a birthday party honoring Effie on her birthday.

Mrs. Owen Weems has returned with her daughter, Mrs. Lincoln Barber and children to visit for a few days in Jacksonville.

US WOULD GO TO WAR IF ANYBODY ATTACKED

The North Atlantic Pact binding the United States and seven other powers against Communist aggression, is their unequivocal answer to Russia for blocking world peace, Secretary of State Dean G. Acheson said tonight.

Terms of the historic treaty were published today, and Acheson promptly appealed for public support in a nationwide broadcast over the Columbia and Mutual radio networks. The State Department's Voice of America broadcast his remarks to Latin America tonight and will transmit them throughout the world in 19 languages tomorrow.

Acheson said control of Europe "by a single, aggressive unfriendly power" would be an "intolerable threat to the national security of the United States."

In a bluntly-worded address, Acheson made his first major policy statement on the proposed mutual-aid treaty.

Acheson branded as a "lie" Russian charges that the alliance is aggressive. He said:

"This country is not planning to make war against anyone—it is not seeking war—it abhors war—it does not hold war to be inevitable."

The pact, to be signed here April 4 and to be backed up later with U. S. arms, commits the United States to help Western Europe repel attack from any quarter, particularly from Russia and her satellites. But it infringes in no way on the constitutional right of Congress to decide in every case whether the American help shall include going to war.

There is no time limit on the treaty, but any member may withdraw on one year's notice after it has been in force for 20 years.

Acheson said such a united front is necessary to keep Russia from picking off the free nations "one by one."

The most far reaching peacetime alliance this country has ever joined, it is defensive in nature and will operate entirely within the framework of the United Nations, Acheson said.

Girl Scouts Observe Anniversary Here With Banquet March 10

One-hundred and fifty fathers and daughters attended the Girl Scout banquet held at First Methodist basement Thursday night in observance of the 37th anniversary of Girl Scouting.

The fathers presented the program, with Mrs. Bill Morrison, new Commissioner presiding. A delicious barbecue dinner was served by Council members and Scout leaders. Ernest Vogelsang donated the meat, Bert Nicholson gave the Dr. Pepper, Leo Laake donated the ice cream and the Scouts donated the rest of the food.

Carrier Pigeon Is At Roy Terry Farm

Roy Terry of Minerva was in Cameron Thursday and reported that a carrier pigeon had taken up residence at his farm home.

The pigeon has a leg band on which are the following numbers AU47 HP84. Mr. Terry said he had tried to get the bird on its way but it seems to like the farm life. No doubt the pigeon is a carrier in training.

Mr. Terry hopes this may come to the attention of the owners and trainers. In the meanwhile the bird is being well cared for and fed.

RED CROSS GOAL NEAR AS \$4,069.41 REPORTED

Milam county's 1949 Red Cross fund goal was in-site Saturday.

Miss Myrtle Hinton, publicity director, said that \$4,069.41 had been reported up to Saturday morning.

Sharpe and Minerva had reported with both communities exceeding their quotas.

There has been no final report from Cameron. The last report showed about \$1000 collected by the special gifts committee but \$1200 remained to be collected here. The canvas, block by block was unreported Saturday.

When Cameron goes over the top it appeared that the quota will have been reached in the county.

Mrs. Thelma Armstrong underwent an operation in a local hospital one day this week and is reported improving.

MURDER BOY IS HOME POINTS OUT WEAPON

BURLESON, March 18— Arthur Clayton Hester came back this afternoon to the scene of the bludgeoning slaying of Dr. John Lord and calmly led police officers to a weed patch where he had disposed of the weapon.

The handcuffed youth pointed to a long steel rod about a half inch in diameter. "That's it," he said unemotionally.

"Is that what you hit him with?" Sheriff Houston Walling of Johnson county asked.

"That's it," Hester replied.

Hester, Walling and Fort Worth Detective A. C. Howerton arrived at the farm home where Dr. Lord was found dead ten days ago at 4:50 p. m.

Enroute they stopped at Cleburne to drop off Mrs. Zollie Edwards at Johnson county jail. She is charged with deserting her husband and nine children. Mrs. Edwards and Hester were returned from Los Angeles in a Johnson county automobile.

Hester, completely composed, took the officers on a brief tour through the small farm house in which he had lived with Dr. Lord. He showed

He pointed out the spot in the bedroom where Dr. Lord had fallen after the last blow on the head.

Then he took Walling and Howerton out to the back of the house and walked unhesitatingly to a spot about 30 yards south of the building.

There, resting partially hidden by weeds, was the steel rod.

Hester, who was captured last Saturday in the Los Angeles home of his stepsister, Mrs. Annie Gadberry, was identified Friday morning in Coahoma as the youth who left Dr.

Lord's grey sedan at the J. B. Martin service station and garage on the night of March 3, several hours after Dr. Lord was slain.

\$3,718.60 REPORTED HERE FRIDAY MORNING

The goal was in sight on the 1949 Red Cross fund campaign Friday as \$3,718.60 had been reported, according to Miss Myrtle Hinton, publicity director.

A. W. McCullin, fund director, was well pleased over results thus far.

A number of towns and communities have not turned in their reports. In Cameron the canvas had not been completed. More than \$1000 had been received from the special gifts appeal but all were to be given an opportunity to give when committees make their block to block canvas.

The Negroes have gone over the top with their quota having reported \$234.61 up to Friday morning.

No More Draft Calls Due, Army Chief Says

Maj.-Gen. John E. Dahlquist, the Army's personnel chief, said today that no new men will be inducted into the Army before July 1950 when the present peace-time draft act expires.

The Defense Department promptly emphasized that he was giving his own opinion; that no draft policy has been laid down, and that no one knows what the future holds.

There have been no inductions under the law since the end of January, because voluntary enlistments have filled the quotas of the Army, Navy and Air Force. Army officials have said that budget reductions forced them to cut their proposed strength.

Cameron History Club met with Mrs. S. A. Cottle Tuesday afternoon at her apartments at the Milam Hotel.

MEN GET CHECKS FOR MARCH TOTAL \$1042

By LLOYD ABERTSON

Over one thousand dollars in checks was distributed to members of Battery C, 239th Field Artillery Battalion, on drill night last Tuesday for its most recent pay period, Captain Rudolph Michalka reported today.

The exact amount was \$1042.25, he said. This was for armory drill pay alone, and did not include other disbursements during the period made by the battery amounting to approximately fifteen hundred dollars.

"This is the largest payroll we have had," Capt. Michalka said, "and reflects the increased growth of the unit. However, we expect it to be considerably larger next time, due to recent promotions and a continued increase in the battery's strength."

Although pay-day was the high-

light of the drill period, another development was the swearing in of two enlisted men. They were Billy G. Neeley, a high school student, and Edward C. Tindall, employed by a local firm.

Capt. Michalka said there are still vacancies in the battery for both officers and enlisted men. Officers with field artillery experience especially are needed.

Mr. and Mrs. E. A. Perrin had as recent guests their daughter and family, Mr. and Mrs. Fred Carroll of Midland. They are also expecting a daughter and family Mr. and Mrs. Tom Hobson of Austin.

Jones Prairie Home Club Meets March 8

The Jones Prairie Home Demonstration club met March 8 at the home of Mrs. A. H. Patzke, with Mrs. Isabelle Moody, H. D. Agent discussing the correct steps in making clothes.
In order to give your clothes a professional look and the right kind of finish, it is important to take all body measurements accurately. Mrs. Moody went on to say that seams too, do more than hold a garment together, they make a real contribution to smartness of line and finish. Mrs. Moody showed finished seams, set-in plackets, mitered corners and the correct way to put in a zipper.
The hostess served cake, coffee or hot tea to 15 members, the agent and two visitors, Mrs. Alice Cox and Mrs. Della Weise. Mrs. S. S. Hickman is Reporter for the club.
Guests in the M. M. Johnson home recently were: Mrs. Charles Lamb and Curtis Johnson both of Dallas and Mr. and Mrs. Roland Merrill of San Marcos.

I Walk Beneath the Stars

I walk beneath the stars at night
I see the dark blue canopy
Of Heaven, with her jewelled light.
The world seems filled with dark delight
The air is charged with mystery—
I walk beneath the stars at night.
Yet evil spreads a lurid blight
And men sleep on forgetfully
Of Heaven with her jewelled light.
I hate wrong; I fear its might
Mankind's suffering tortures me.
I walk beneath the stars at night.
Have men forgotten Angels bright
And tidings for simplicity:
Of Heaven with her jewelled light?
There comes an answer of delight,
"The wretched race will soon be free"
I walk beneath the stars at night;
Of Heaven with her jewelled light.

Brownie Scouts From St. Anthony Observe Third Birthday

St. Anthony Brownie Scout troop met Saturday, March 12 at the scout house to celebrate their third birthday. Mrs. Leo Laake is leader and Mrs. Lincoln Mondrik, assistant leader.
The Brownies invited their mothers to the celebration and they registered in the Brownie scrap book. Daffodils and bunny rabbits took on a look of spring in decorating the scout house. In the center of the room was a beautiful tiered birthday cake on a lace covered table. The cake was decorated in brown and yellow the Brownie's colors and had three candles to signify their third birthday.
New members received their scout pins and repeated their scout promise.

Here's how
you can celebrate
Easter

What does Easter mean to you? Sunrise Services... new spring clothes, baskets of gaily colored eggs for the children?

It means that Easter Seal time is here again, too. It means that through these seals you'll be helping crippled children in your own community to a better chance in life.

The money you contribute by buying Easter Seals is used for this one important purpose... to provide handicapped children with adequate medical care... with wheel chairs and braces and a lot of other things they need.

It's used to give them specialized vocational training... healthful recreation... a chance to go to camp in the summer... to swim and romp and play games like other kids.

So why not celebrate this Easter by buying more Easter Seals. Remember,

Every Easter Seal you buy
helps a Crippled Child

MUCH NEEDED RAIN FILLS TANKS AND LAKES

(From the Daily)

A low of 49 degrees was reported for Cameron this morning with a forecast of warmer and partly cloudy by Wednesday. Little River had risen four feet at an early hour resulting from rain which fell Sunday night.

Heavy, gully-washing rains of from two to five inches fell over Central Texas early Monday morning, sending creeks and rivers out of their banks and putting much-needed water in stock tanks.

Blackland experiment station reported that 2.18 inches of rain was measured there. Jack Geiselbrecht from west of Temple, reported that 4.1 inches fell in his area between one and three o'clock Monday morning. Moody reported 5.06 inches.

Last night the Leon river was on a 17-foot rise and was still rising at the rate of about 10 inches an hour.

The Little river was up two-thirds of the way of the top of its banks last night at Little River and was reported to be rising at the rate of about six inches an hour.

Several creeks over the county went out of their banks, washing down fences and stopped road traffic. Big Elm creek, which received a heavy share of the five inch rain that fell at Moody, held up traffic until after noon when it went out of its banks and across Farm Road 438 between Temple and Oenaville.

Stock tanks over the county received varying amounts of water depending upon the amount of watershed feeding them and the amount of rain that fell in their locality. Some were nearly full. Others had only a few feet of water in them. Many of the tanks had not had any water in them since the spring of 1947.

One tank at Blackland experiment station has five feet of water in it, the first it has had since it was built in May, 1947.

Elsewhere over the state in Associated Press reported that three damaging storms ripped through widely scattered points Monday.

The disturbances included a small tornado near Texarkana, a damaging squall near Houston and a high wind-storm at Denton that ripped out telephone and telegraph lines.

Winds were strong throughout the state Monday. The weather bureau said, however, that they were expected to calm down during the night and Tuesday.

Also forecast was cooler and clear weather Tuesday.

Ex-Desperado Dies With Boots On

The last of Oklahoma's notorious "Barker boys" has died with his boots on.

Authorities in Denver Monday identified Lloyd (Red) Barker, 51, who was slain by a blast from a 20-gauge shotgun early last Friday, as the last son of "Ma" Barker, who, with her sons, rated high on the public enemy list during the prohibition era.

Barker's wife, Jean, 37, was arraigned in district court at Brighton, Colo., Monday on charges she fired the blast which cut down her husband as he unlocked a door to their suburban home. She pleaded innocent by reason of insanity.

District Attorney Clement R. Hackethal said he learned from Mrs. Barker's attorney that the slain man was the last living son of the infamous Kate (Ma) Barker. Ma had four sons, two of whom were members of the Barker-Karpis gang.

FBI records show the four Barker boys were Herman, who died early in the 1920's, Arthur, Fred and Lloyd. Ma and Fred were killed by FBI Agents in Florida in January 1935, Arthur, known as "Doc," was killed by guards as he tried to escape from Alcatraz in 1939.

Lloyd was manager of a Denver

restaurant at the time of his death.

Mrs. Barker, who is quoted by police as saying she shot her husband because she feared he was going to kill her and their children, has been committed to Colorado Psychopathic Hospital for observation.

CHRISTIAN SCIENCE SERVICES

"Reality" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, March 27.

The Golden Text is: "Whatsoever things are true, whatsoever things are honest, whatsoever things are just, whatsoever things are pure, whatsoever things are lovely, whatsoever things are of good report; if there be any virtue, and if there be any praise, think on these things" (Philippians 4:8).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "He loveth righteousness and judgment: the earth is full of the goodness of the Lord" (Psalms 33:5).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "To grasp the reality and order of being in its Science, you must begin by reckoning God as the Divine Principle of all that really is" (page 275).

THE CAMERON HERALD

Let nothing keep you from your radio for "One Great Hour" Saturday evening, March 26th—(9 to 10 P.M.)

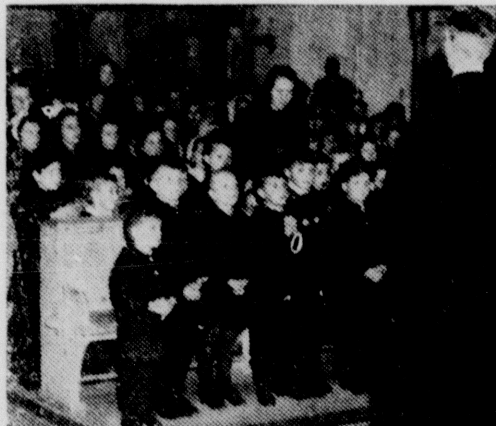

... then let nothing keep you from
attending the regular Services of your own church
on Sunday— March 27th

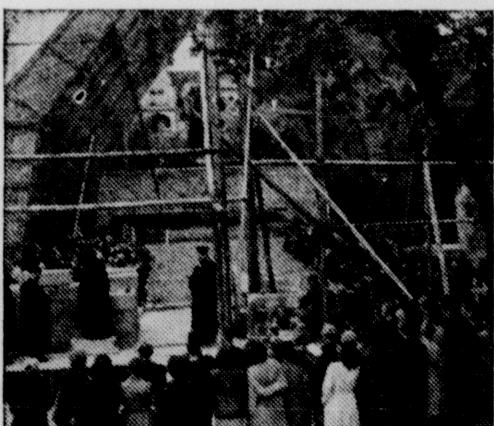

OVER 75,000 CHURCHES HAVE THIS POSTER! This is the striking blue and white symbol that identifies your church and some 75,000 others as participants in the ONE GREAT HOUR program... the program which brings together for the first time in history virtually every Christian denomination and communion in one great common cause. It will give to all the world new hope, faith and strength. It deserves your wholehearted support—So, LISTEN and GIVE!

LISTEN and GIVE! Here are some of the reasons why your contributions to One Great Hour are so urgently needed...

To Restore Christian Hope and Human Dignity to a Confused and Suffering World

Your contributions to ONE GREAT HOUR bring a Christian hope to the war-scarred men, women and children of Europe and Asia. They tell them that someone in the world really cares what happens. The food and clothing we send overseas will keep the people alive, but without spiritual nourishment, people are lost. By rebuilding their morale, we can strengthen their desire to share again the responsibilities of citizenship.

To Replace, Repair, Re-equip Churches, Hospitals, Schools and Other Christian Institutions

Material aids are of little use unless people will to live. We can help them by helping to provide churches, homes for orphans and the aged, hospitals for the crippled and sick. Today, in Europe and Asia, the churches are not only houses of worship, but are also centers for fellowship, for varied ministries of material and spiritual help. But without our generous assistance, the people cannot reestablish these lighthouses of love.

To Strengthen and Expand the Vital Work of the Christian Ministry

Pastoral leaders were not spared by war. Many were killed, wounded, taken prisoner or forced into exile. Theological schools and libraries were destroyed. In the war, several generations of spiritual leaders were lost. A strong ministry is needed to help rebuild Christian lives. It is our responsibility to help build this strong ministry—to supply religious literature of many kinds, to replenish libraries and to help reestablish services.

To Render Aid to Desperately Needy Refugees and Displaced Persons

Until all the homeless people have countries they can call their own, there will be no real peace in the world. The world's homeless look to us to help them. In Germany, Italy, China and Palestine the churches of America have ministered to these refugees and displaced persons. Because many of these people are our Christian brothers, the churches, with your help, will continue a vital ministry among them, and help them find renewed hope.

NEW MOVE AIMED AT RUSSIA IS ANNOUNCED

The State Department said today the United States plans to back up the North Atlantic Security Pact by shipping Western European nations enough arms in the next 15 months to equip completely all of their military units now in existence.

But it emphasized the arms shipment program will take second place to economic aid.

The official statement said this country will "try" to ship European pact members enough arms between next July 1 and June 30, 1950, to completely outfit the ground, sea and air forces already in existence.

It made clear that the United States will not attempt, before mid-1950 at least, to supply arms for any newly-organized European military forces.

Later, presumably, the United States would provide guns, tanks and equipment needed to create new divisions in the armies of the Western European countries.

The whole program is a vast effort to build a wall against the Western surge of Communism.

Zack Griffin has returned home after being a patient in Scott and White Hospital and is reported improving.

Mrs. Herbert Colburn underwent an operation at Scott and White Hospital in Temple early this week.

Chalmers Terry Is Soil Conservation Engineer At Tulia

BRITISH WAR LEADER WILL LECTURE HERE

Winston Churchill, British war time leader, is on his way to the United States aboard the Queen Elizabeth.

Mr. Churchill will deliver a series of lectures at the Massachusetts Institute of Technology in Boston while on a visit to the country.

He has not visited America since his last conference with President Roosevelt. As a young man he made a lecture tour of the United States. His mother was the former Jennie Jerome of Virginia and the British leader has often said he is half American. In the division of war spoils he proved to be wholly British, as well as in the conduct of the war.

The American people have long since forgiven Mr. Churchill's remark after World War I when he called us Shylocks for wanting payment of the debt Britain owed us.

At 74 Mr. Churchill is writing on the third volume of a 5 book history of the late war.

Complete information can be obtained at any Army and Air Force Recruiting Station.

DOWNPOUR USHERS IN LATE SPRING NORTHER

Cameron received 1.76 inches of rain early Monday and in the wake of the downpour a late spring norther swept in to lower temperatures.

Forecasts were that by Tuesday this area should have temperatures of around 40 degrees. It was below freezing in some portions of the Texas Panhandle Tuesday morning.

The skies over Texas were clear and beneficial rains had fallen over a large area of the state. Low clouds Sunday brought in moisture and a slow rain fell throughout the afternoon in South Texas.

Cameron's rainfall since January 1 is around 11 inches and approximately normal or above.

While the rain fall was not necessary it will nevertheless be very beneficial to farmers.

DENTON CIVIC BOY CHOIR TO PRESENT PROGRAM

Now on a three thousand mile tour of six states, the Denton Civic Boy Choir will be presented in concert at the First Christian Church at 7 p. m. Thursday, March 24.

This newest addition to the American concert field, the Denton Civic Boy Choir, is also probably one of the youngest in organization. Founded in 1946 by its present director, George Bragg, it has become one of the country's outstanding choirs.

Boys forming the Choir range in age from eight to fourteen years. The Choir is non-denominational and is open to any boy whose musical and academic ability can meet the requirements.

The Choir was originally subsidized by Denton's Junior Chamber of Commerce; however, within a year and a half, the Choir had become so popular in the town that it became a civic project.

It began touring in 1947 and continued through 1948 with such success that the Choir attracted the attentions of a number of concert agencies. From then on, it was a matter of conscientious training and hard work.

The Choir's program will include sacred music of all periods in music history. One of the outstanding compositions of the program will be "Come, Come Ye Saints", especially arranged for the Denton Civic Boy Choir by J. Spencer Cornwell, Director of the Salt Lake City Tabernacle Choir. In addition to their sacred music repertoire, the boys will perform folk songs, as well as more recent compositions such as the "Glow-Worm" by Lincke and Adams' "The Bells of St. Mary". The Choir will also sing works by Bach, Hayden, Frank, Wagner, Mozart, Liszt, and Strauss.

LOCAL RESIDENT HELD ON MURDER CHARGES

Jesus Sugalus, resident of Rosebud, was shot to death late Sunday in the Mexican quarter of that city, and Henry Gonzales of near Hanover is being held on murder charges.

Gonzales, an employe on the H. F. Smith plantation near Hanover, was placed under arrest Sunday by Sheriff Carl C. Black and lodged in jail here.

Early Monday Constable Bill Beckworth took Gonzales and his brother, Floyd Gonzales, to the Falls county jail in Marlin.

According to local officers the trouble occurred around 7 p. m. in Rosebud. Henry and Floyd Gonzales had attended a ball game in Rosebud. After the game they drove to the Mexican quarter, where it was said threats were made against them. When Sugalus and others sought to take his brother from the car, Henry Gonzales got out of the car and shot Sugalus with a .38 calibre pistol. Sugalus died instantly.

After the shooting Henry and Floyd Gonzales returned to their home on the Smith farm and Sheriff Black made the arrest there Sunday night.

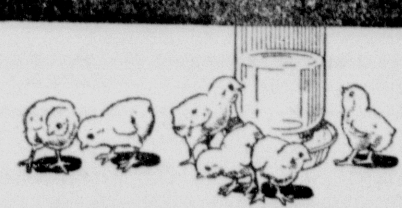

It was understood that murder charges were filed in Falls county.

Ministerial Association Met With Two New Members Present

At a recent meeting of the Cameron Ministerial Association the Reverend Wendell Carr, pastor of the First Christian Church, was elected president.

Two new members were welcomed into the association: The Reverend P. A. Corkern of the First Baptist Church in Cameron, and The Reverend John Striepe, pastor of the Hope Lutheran Church of Buckholts.

School Lunch Program Would Benefit From Pending Legislation

Wholesale value of food commodities received in Milam county for the school year ending March 1, 1949 is estimated at \$19,267.25 according to Chas. M. Hicks, County Superintendent.

Mr. Hicks has just compiled a table showing the commodities as distributed by him from the United States Department of Agriculture.

Mr. Hicks says that schools are vitally interested in legislation now pending at Austin and the school lunch program will be greatly benefited if these bills are enacted.

Senate Bill 210 by Corbin and House Bill 196 by Zivley would set up a state wide and state operated distribution and storage system. This legislation would enable schools to receive more foods, says Mr. Hicks, especially perishable foods.

The following table will show the estimated wholesale values of foods received during the past year:

| Commodity | Amount | Value |
|--------------------|-------------|-----------|
| Dried Eggs | 1207 lbs. | \$1508.75 |
| Canned | | |
| Applesauce | 8400 cans | 1512.00 |
| Dried Figs | 1500 lbs. | 450.00 |
| Dried Prunes | 5250 lbs. | 918.75 |
| Dried Peaches | 3900 lbs | 858.00 |
| Honey | 1800 lbs. | 455.40 |
| Orange Juice | 710 gal. | 1824.70 |
| Irish Potatoes .. | 63,000 lbs. | 2520.00 |
| Cheese | 10,500 lbs. | 5302.50 |
| Canned | | |
| Tomatoes | 7560 cans | 1587.60 |
| Tomato Paste .. | 510 cans | 561.00 |
| Dried Milk | 6356 lbs. | 1112.30 |
| Dried Raisins | 3750 lbs. | 656.25 |

Texas Wastes \$2,500 On Valueless Report

C. H. Cavness, the State auditor, told the Legislature today the State was tossing \$2,500 down the drain to compile a report nobody wanted.

It cost that much, he said, to give people who didn't care a report on "advalorem taxes and funded indebtedness of local units of government of Texas for the year 1948."

The report, Cavness said, "is of little or no value to anyone."

ONE GREAT HOUR TO BROADCAST MARCH 26

On the eve of the great united church offering, Saturday, March 26, from 9 to 10 p. m. Central Standard Time, a program known as "One Great Hour" will be carried from the churches of America by the contribution of the full net works of the American Broadcasting Company, Columbia Broadcasting System and Mutual Broadcasting System as well as hundreds of independent stations.

President Truman will speak during the broadcast to add his appeal to the appeal of America's churches that every American attend his own place of worship next morning to participate in this great demonstration of Christian strength for the peoples of Europe and Asia.

Written by Robert Sherwood, author of the best selling, "Roosevelt and Hopkins," and three times Pulitzer prize winner and by Erik Barnouw, President of the Radio Writers' Guild, the program "One Great Hour" will dramatize the plight of the people overseas and will show how the churches of America answer the great human and religious needs of these millions of people.

Thomas Gunnels with the Air force and stationed at Guam was a welcome visitor here last week.
